

Secret Santa Night

November Longhouse Meeting

Monday, November 6

For the 24th consecutive year, the Federation will be participating in the LaGrange Community Nurses Association's Secret Santa program. Since 1988 the program's mission has been to provide functional necessities for children in LaGrange and 15 surrounding communities whose parents have limited means of providing them. This is a great opportunity to share some "Holiday Spirit" with less fortunate children by adopting them for the Christmas season.

Simply pick up a bag at the November Longhouse and schedule a shopping trip with your tribe. Inside the bag will be complete instructions with some information on the child and what they need for Christmas. The Christmas presents that we provide range from warm clothes and school supplies to a few toys. The Prairie Trail Federation now has our 501c(3) certificate which means we benefit from tax free shopping. Shopping dates are currently being negotiated with Target and Kohl's. Each adopted child represents \$125 to \$150 commitment.

Last year we were able to help 225 kids have a little brighter Christmas! If you would like to adopt a child for Christmas this year, discuss with your tribe about how many children your tribe would like to sponsor and then pick up a labelled shopping bag for each child at the November Longhouse.
